

The Bicentennial theme is depicted on our cover in the Western colors of green and gold. The explosion from the original thirteen stars represents the growth of America and Americans in our 200 year history. Green and gold is indicative of Western's expansion, and exemplifies the close association of our student body with the ideals and principles of our nation.

Education in America

Senior Girl of the Year - Sandy Zanni
Senior Boy of the Year - Barry Miller

Two hundred years ago, while our nation's Founding Fathers were writing the Declaration of Independence, colonial children were writing their ABC's under the stern eyes of private tutors. The lessons were not very exciting. The pep assemblies were worse.

has been a story . . .

As our new nation progressed through its' early years, education moved to even greater heights for boys. Girls were encouraged to master such homemaking skills as stitchery and cooking. These duties usually were undertaken with burning enthusiasm.

When America's pioneers began their journeys west, the building of saloons, churches, houses, general stores and schools (usually in that order) was among the first business in the new settlements. It was in these one room school houses that the sturdy frontier children learned the real meaning of hard times.

with ups and downs . . .

Public schools became a way of life for most American children about the time of the Civil War (that's 1861 for you un-history readers). Among the advantages of these schools were straight-backed chairs, pot bellied stoves and outhouses. Smoking was not permitted in the outhouses. Neither was heat.

The Twenties and Thirties roared into American history making old heroes George Washington and Abe Lincoln move over for newcomers Al Capone and Bonnie and Clyde. It was a crazy time of speakeasies and fundamental religion. In education, teachers were being told that maybe talking to students would be better than hitting them - sometimes.

The turn of the century brought about some revealing facts in education. Fact number one: girls do have ankles. Fact number two: guys do have legs. Fact number three: It's more fun to spend a warm day at the swimming hole, than to hole up in a warm classroom.

coming together.

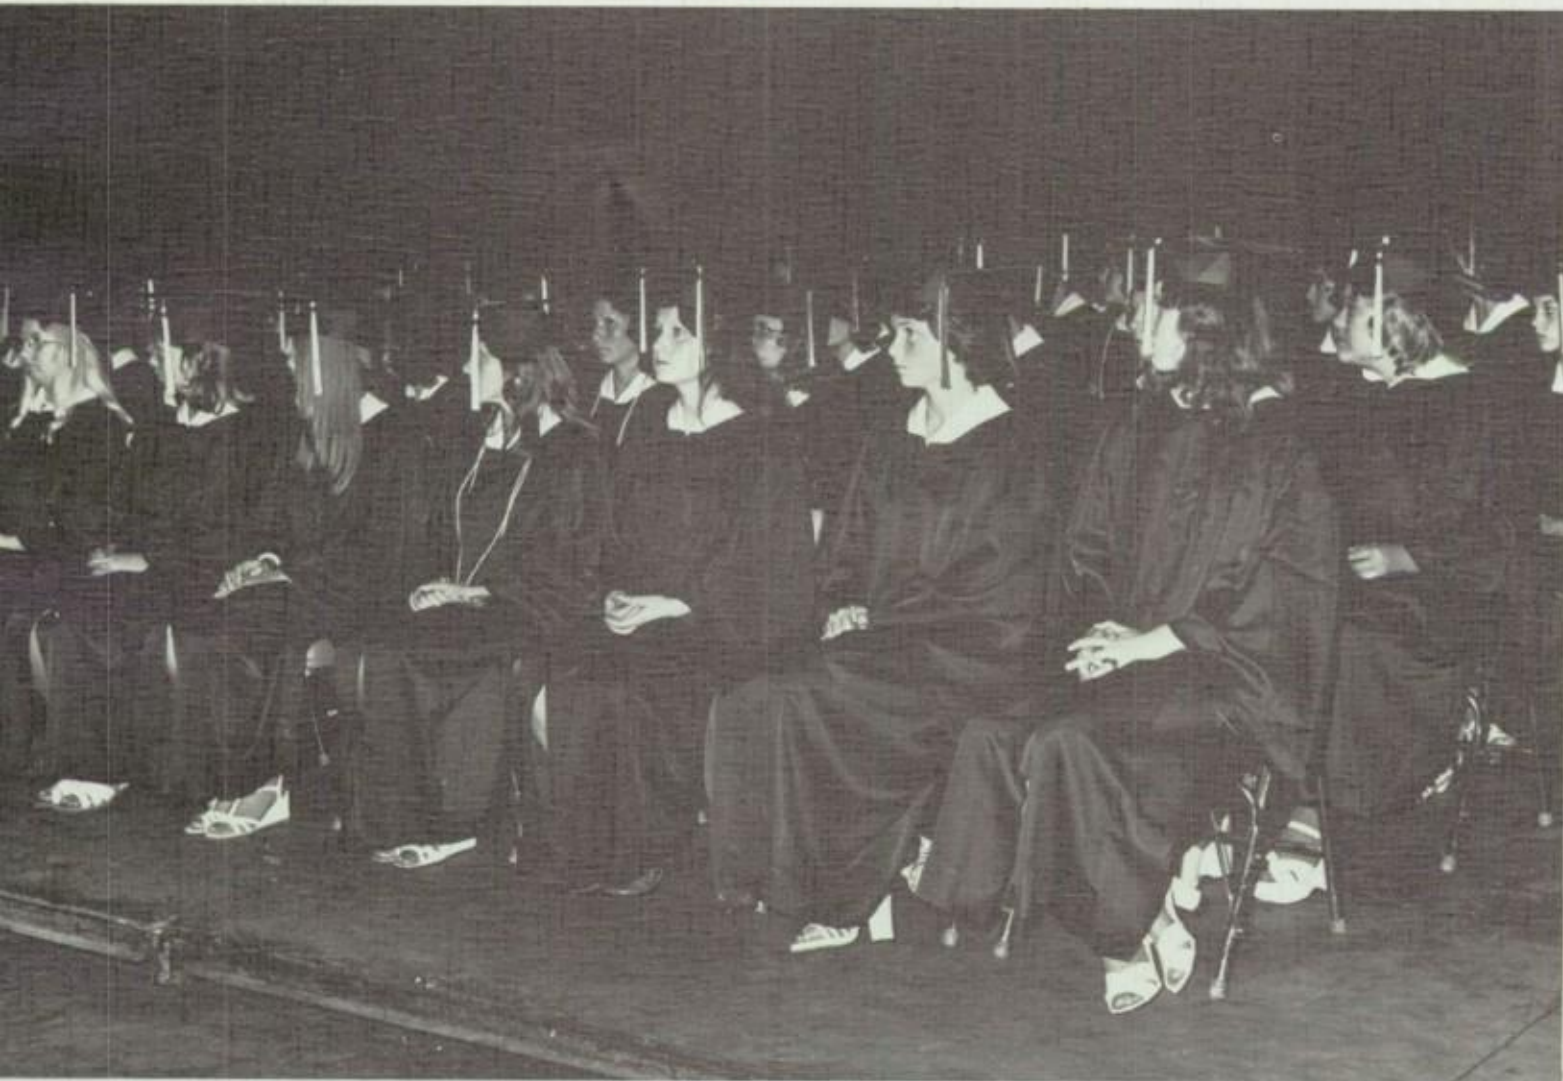

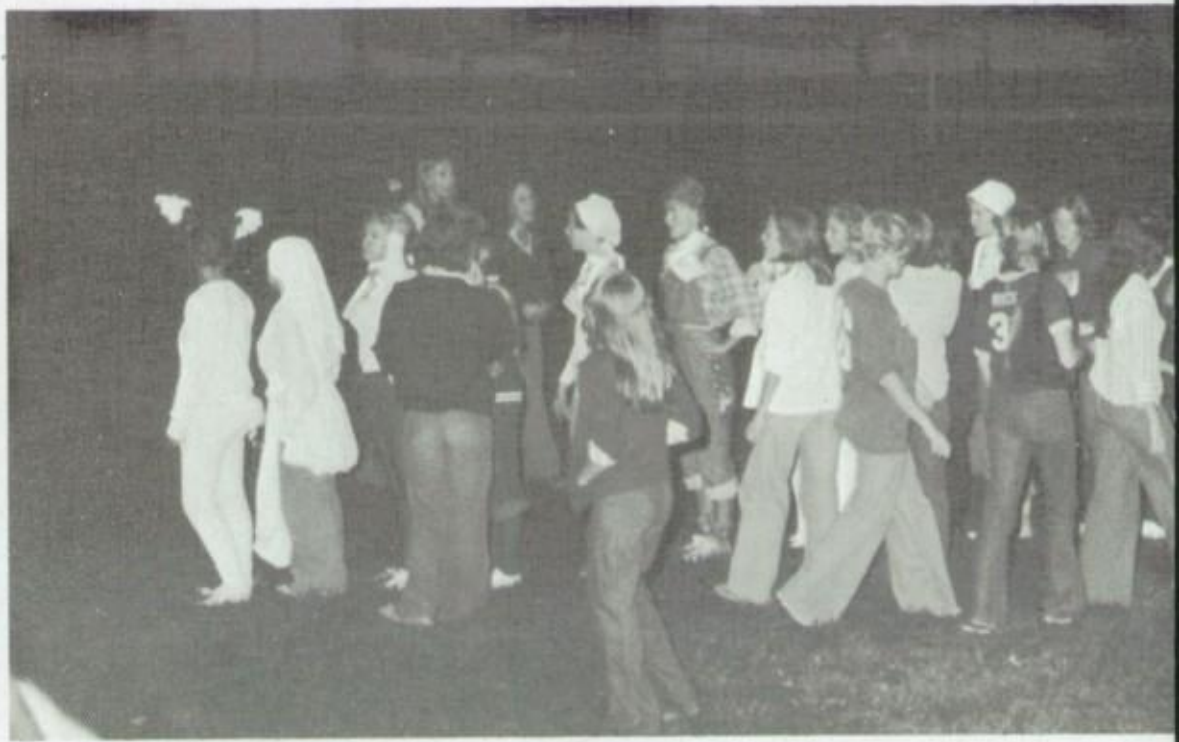

September, 1975, brought the most drastic changes in education in the history of Jefferson County. While politicians talked and communities rioted, the busses rolled up to Western bringing more than 500 new students from the city. It was no picnic. Tempers flared while old prejudices were tested and new friendships ten-

tatively started. By Spring, a feeling of achievement and acceptance had come to Western. The athletic program was a major force in bringing together the various factions of the new student body. Here, Warrior cheerleaders celebrate after the 22nd District Basketball Tournament victory.

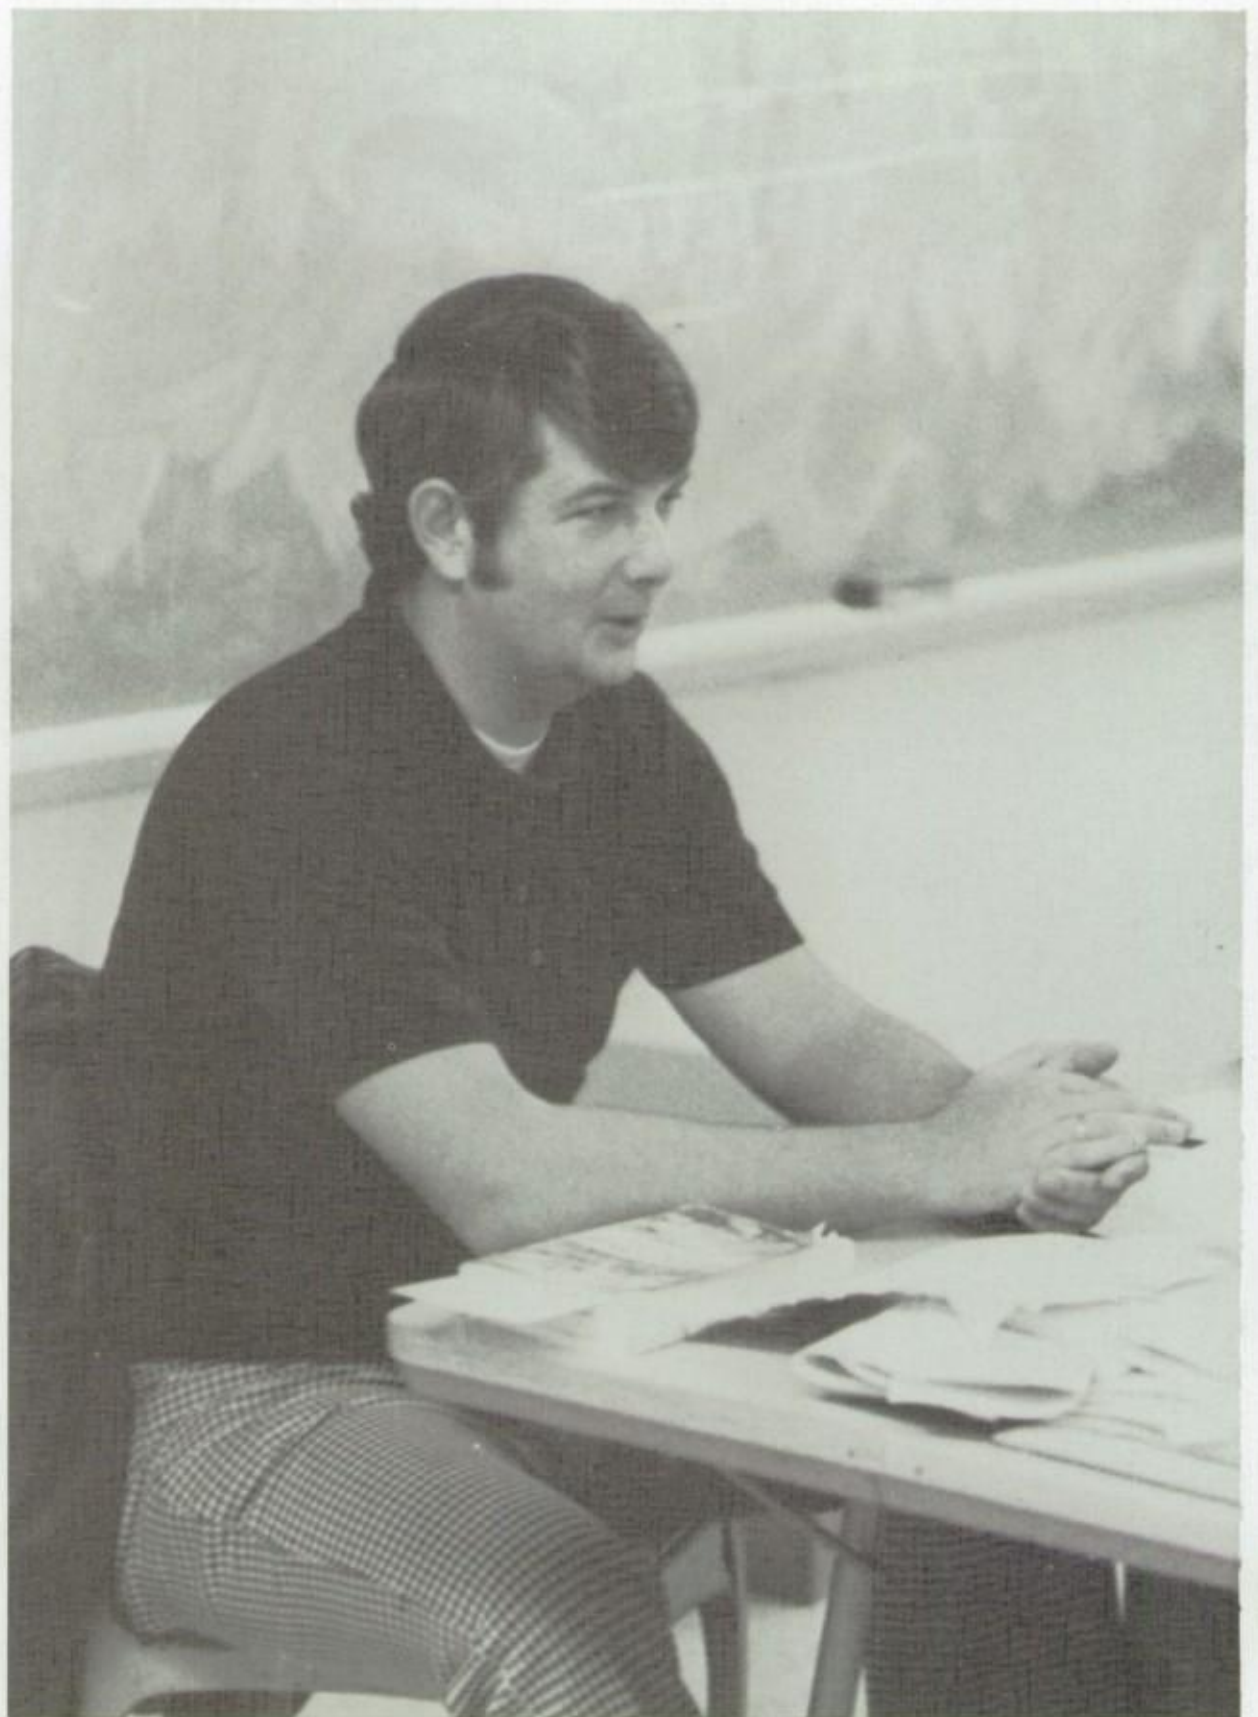

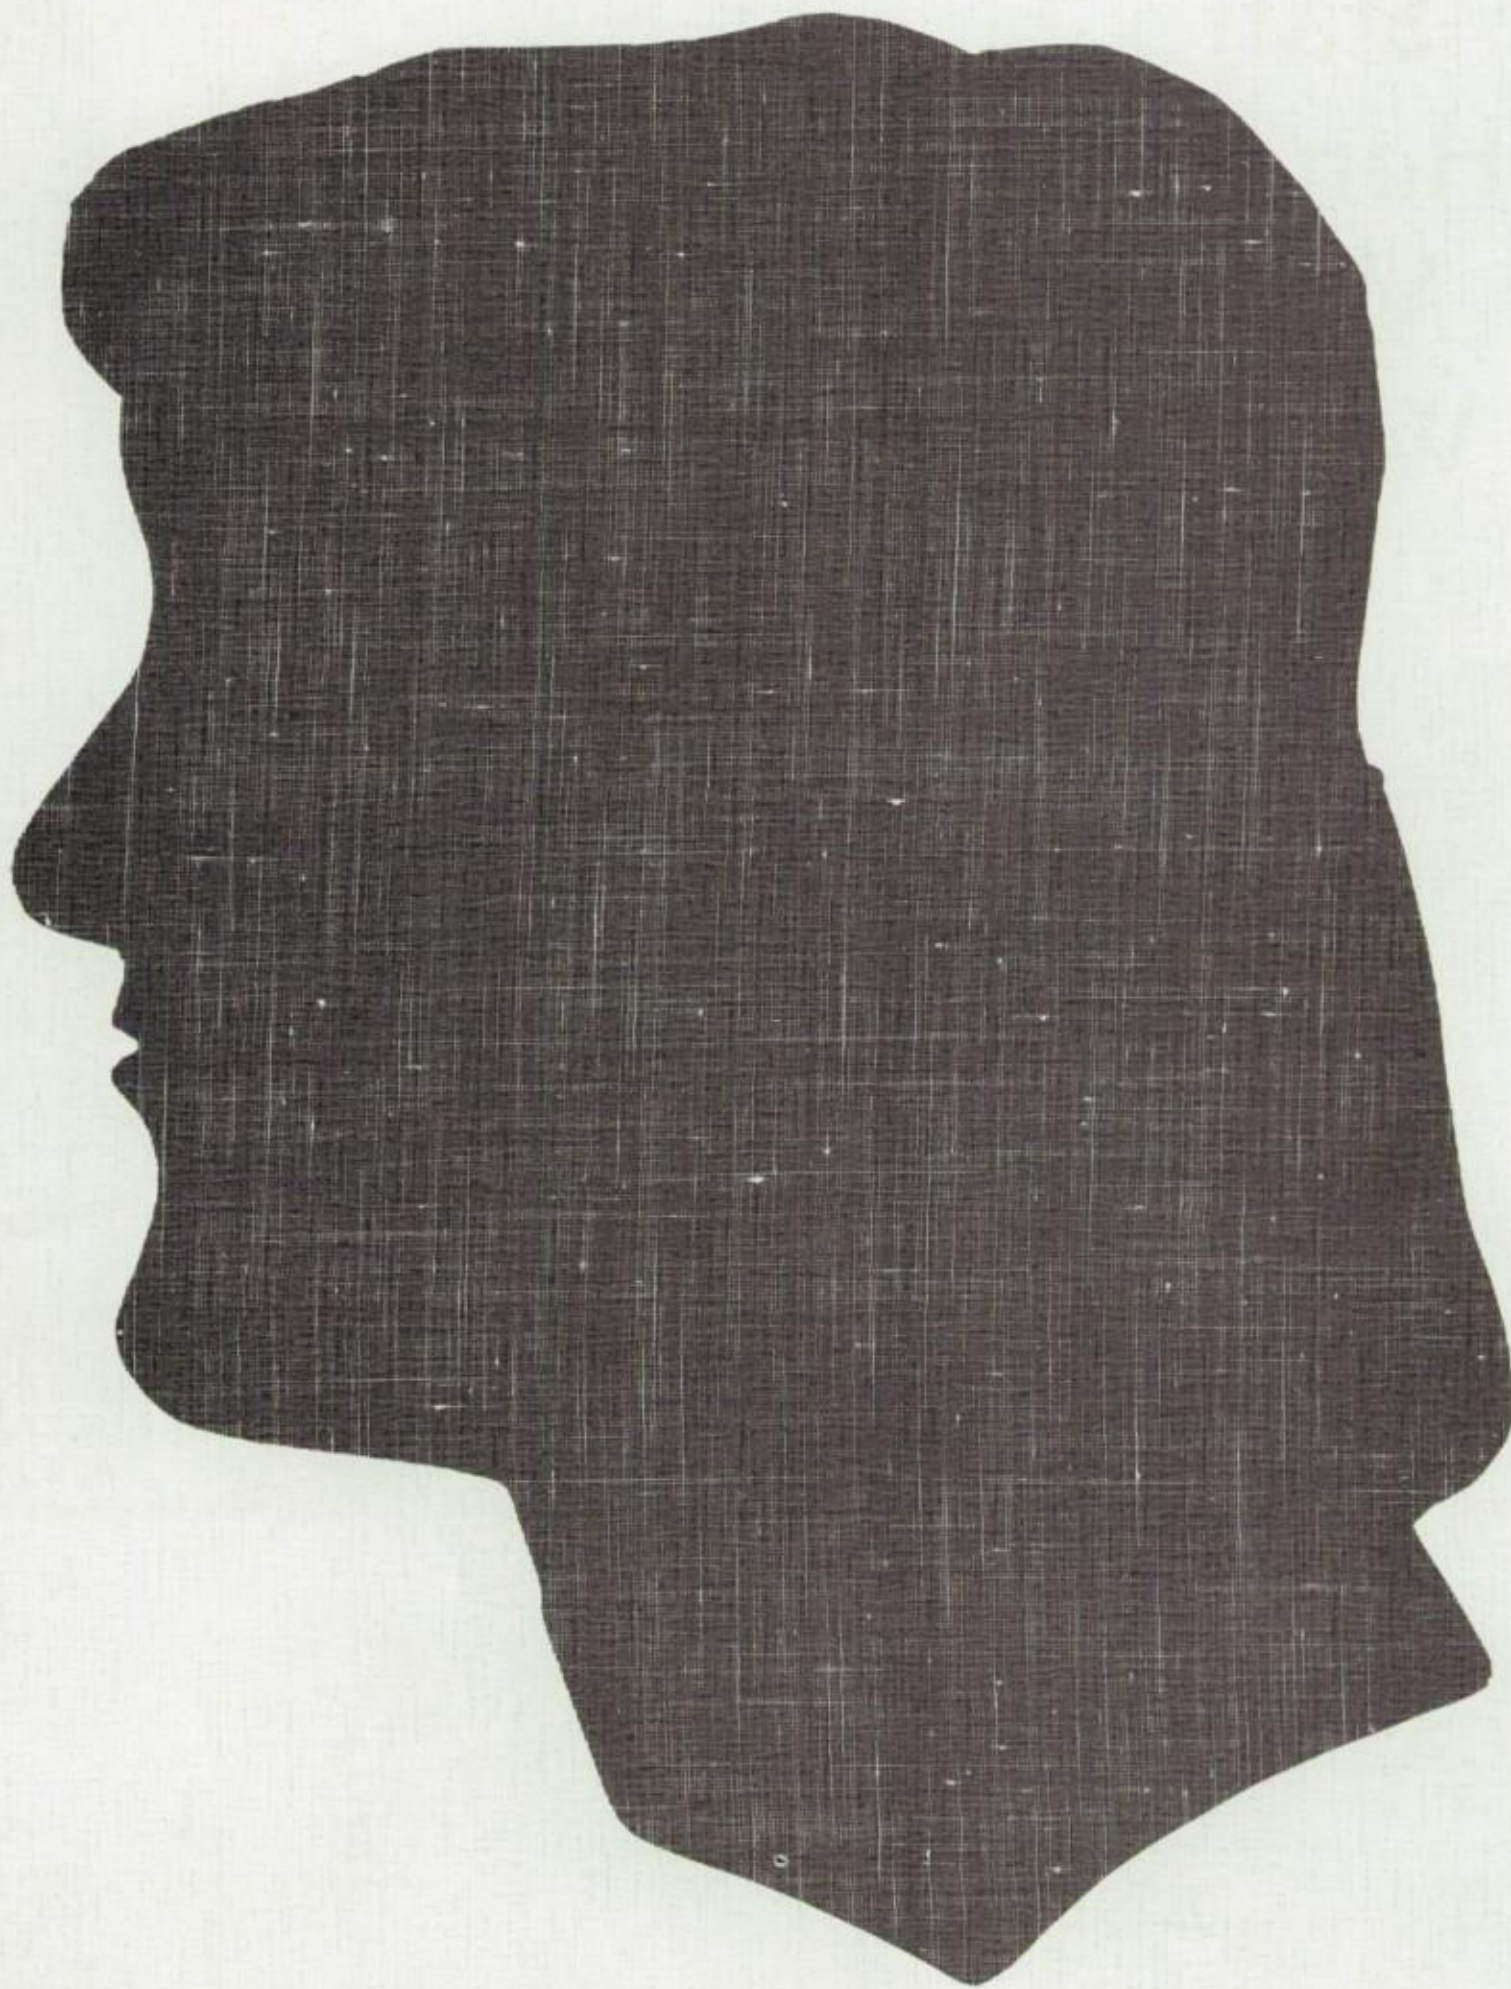

Shield Staff Honors Mike Walsh

The Shield Staff dedicates this year's edition to Mike Walsh. A graduate of Transylvania College and the University of Louisville, Mr. Walsh began teaching American history at Western in 1965. Since that time he has served as the Social Studies Department Chairman, baseball coach, Junior class sponsor, yearbook advisor, and National Honor Society sponsor among many other activities. Mr. Walsh became Western's instructional coordinator in the spring of 1976, moving from the classroom into an administrative position.

The Shield wishes to recognize Mike Walsh as an educator who has gone beyond the minimum expectations of the classroom teacher, and become an active participant and friend with the students of Western High School.

PROFILE

The six people chosen by the Shield for PROFILE represent a cross section of the student body and staff. These interviews, made during the second quarter, attempt to reflect the opinions most prevalent at Western High School in the 1975-76 school year. Because it was the decision of

the editors that desegregation and busing would be remembered as the most outstanding issue of the year, this was the subject upon which PROFILE concentrates. Additionally, the interviews deal with areas which are of specific interest to the participating individuals.

Stuart Eldridge

Stuart Eldridge, Class of 1976, attended Western throughout his junior and senior high school years. Stuart participated in a large variety of organizations while playing four years of football and achieving Beta Club and National Honor Society memberships. With the help of Jerry Geiser, drafting teacher, Stuart has become interested in engineering and plans to pursue this career through the University of Kentucky.

When asked if he considered court ordered busing to be an effective solution to desegregation, Stuart said that forceful movement of people from one environment to another was neither a legal nor practical practice. The quality of his education has not been altered as a result of busing, however, and Stuart remains confident that his work at Western will provide him with a strong foundation upon which to build his career and his life.

Joyce Gibbs

Joyce Gibbs is a junior transferred to Western from Manual High School. Since coming to Western Joyce has been an active participant Student Senate and Class of '77 activities.

The busing order has changed Joyce's life greatly. Not only are her days beginning much earlier than before, but once at school her environment is quite different from that of her old school. Joyce thinks that Manual had much more spirit than Western, and she misses the traditional activities that made up the school year at Manual.

Although Joyce regrets the busing action, she enjoys the friendship of students she has met at Western. She doubts that busing will have a positive long term effect on the community, but is willing to cooperate to make it as happy a situation as possible.

Katherine Lusk

Katherine Lusk has been a school secretary for 15 years. She operates the bookstore and acts as Mr. John Brown's secretary in addition to other office clerical work. In her years at Western she has participated in many activities, and has, she says, enjoyed them all.

Mrs. Lusk feels that the desegregation order will have positive long term effects if the faculty and students cooperate in their efforts to communicate with one another. She says the 1975-76 school year has not changed her life in any way, but that she doesn't see as many happy faces at Western as she once did. She also notices that the office is much noisier than it used to be, making it difficult to concentrate.

Over the years at Western Mrs. Lusk has noticed that the students have begun to express their opinions with the faculty and administration much more openly than they did when she first came to work. She does not necessarily believe that behavior reflects a change of character within the student body. Mrs. Lusk believes that adults should listen to the opinions of students, but that the students must learn to accept school policy regardless of their personal feelings.

In the future Mrs. Lusk hopes to be able to travel extensively.

Dianna Hubbard

Graduating Senior Dianna Hubbard completed her entire high school career at Western in May. While here, Dianna was an active member of the Pep Club, Latin Club, National Honor Society and Beta Club. Dianna will attend Western Kentucky University in the fall, majoring in medical technology.

Feeling that busing is an infringement upon the constitutional rights of the citizens, Dianna is opposed to the concept of forced desegregation. She is generally negative about the 1975-76 school year. People cannot be made to like one another Dianna feels, and the gains made in human relations through busing are probably temporary and superficial.

When asked if the Bicentennial celebration was relevant in today's society, Dianna responded positively. She expressed a hope that the public movement toward observation of the founding of the nation will help people to re-evaluate themselves and their priorities, making America a more peaceful and happy place to live.

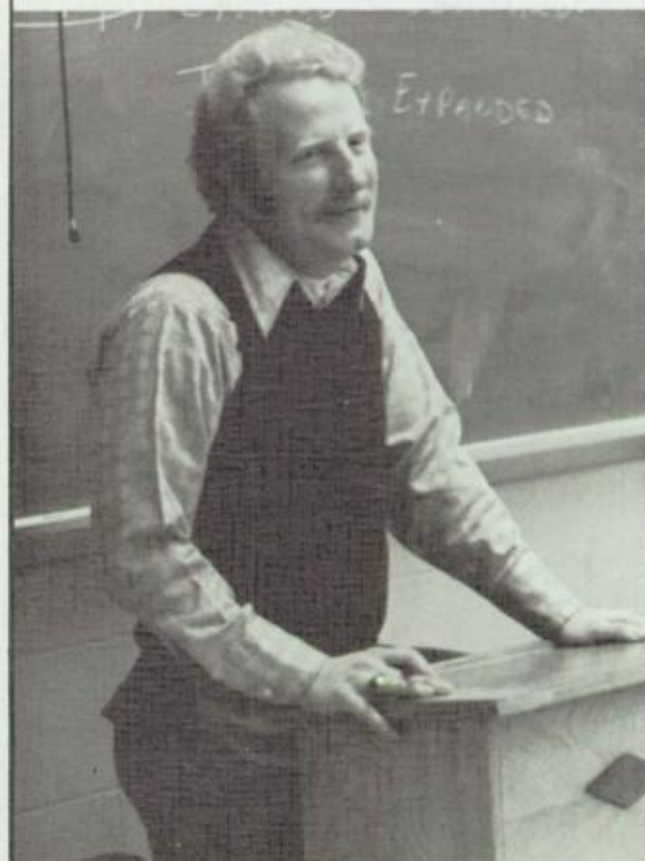

Kenny Wilkey

Kenny Wilkey is a sophomore active in football, basketball, and track while maintaining an A average. He is a member of the Beta Club, choir, Modern Music Masters and is vice president of the Student Senate for the 1976-77 school year.

Kenny was disappointed with the reaction of many people within the community at the beginning of the year. Desegregation-even through busing-is a positive step toward better understanding between the races. Academically, he sees no difference in the quality of education he has received this year, while personally and socially he has looked at school as a growing experience. Kenny sees the opportunity to make new friends and explore avenues of thought and life style different from his own as the most valuable result of the 1975-76 year.

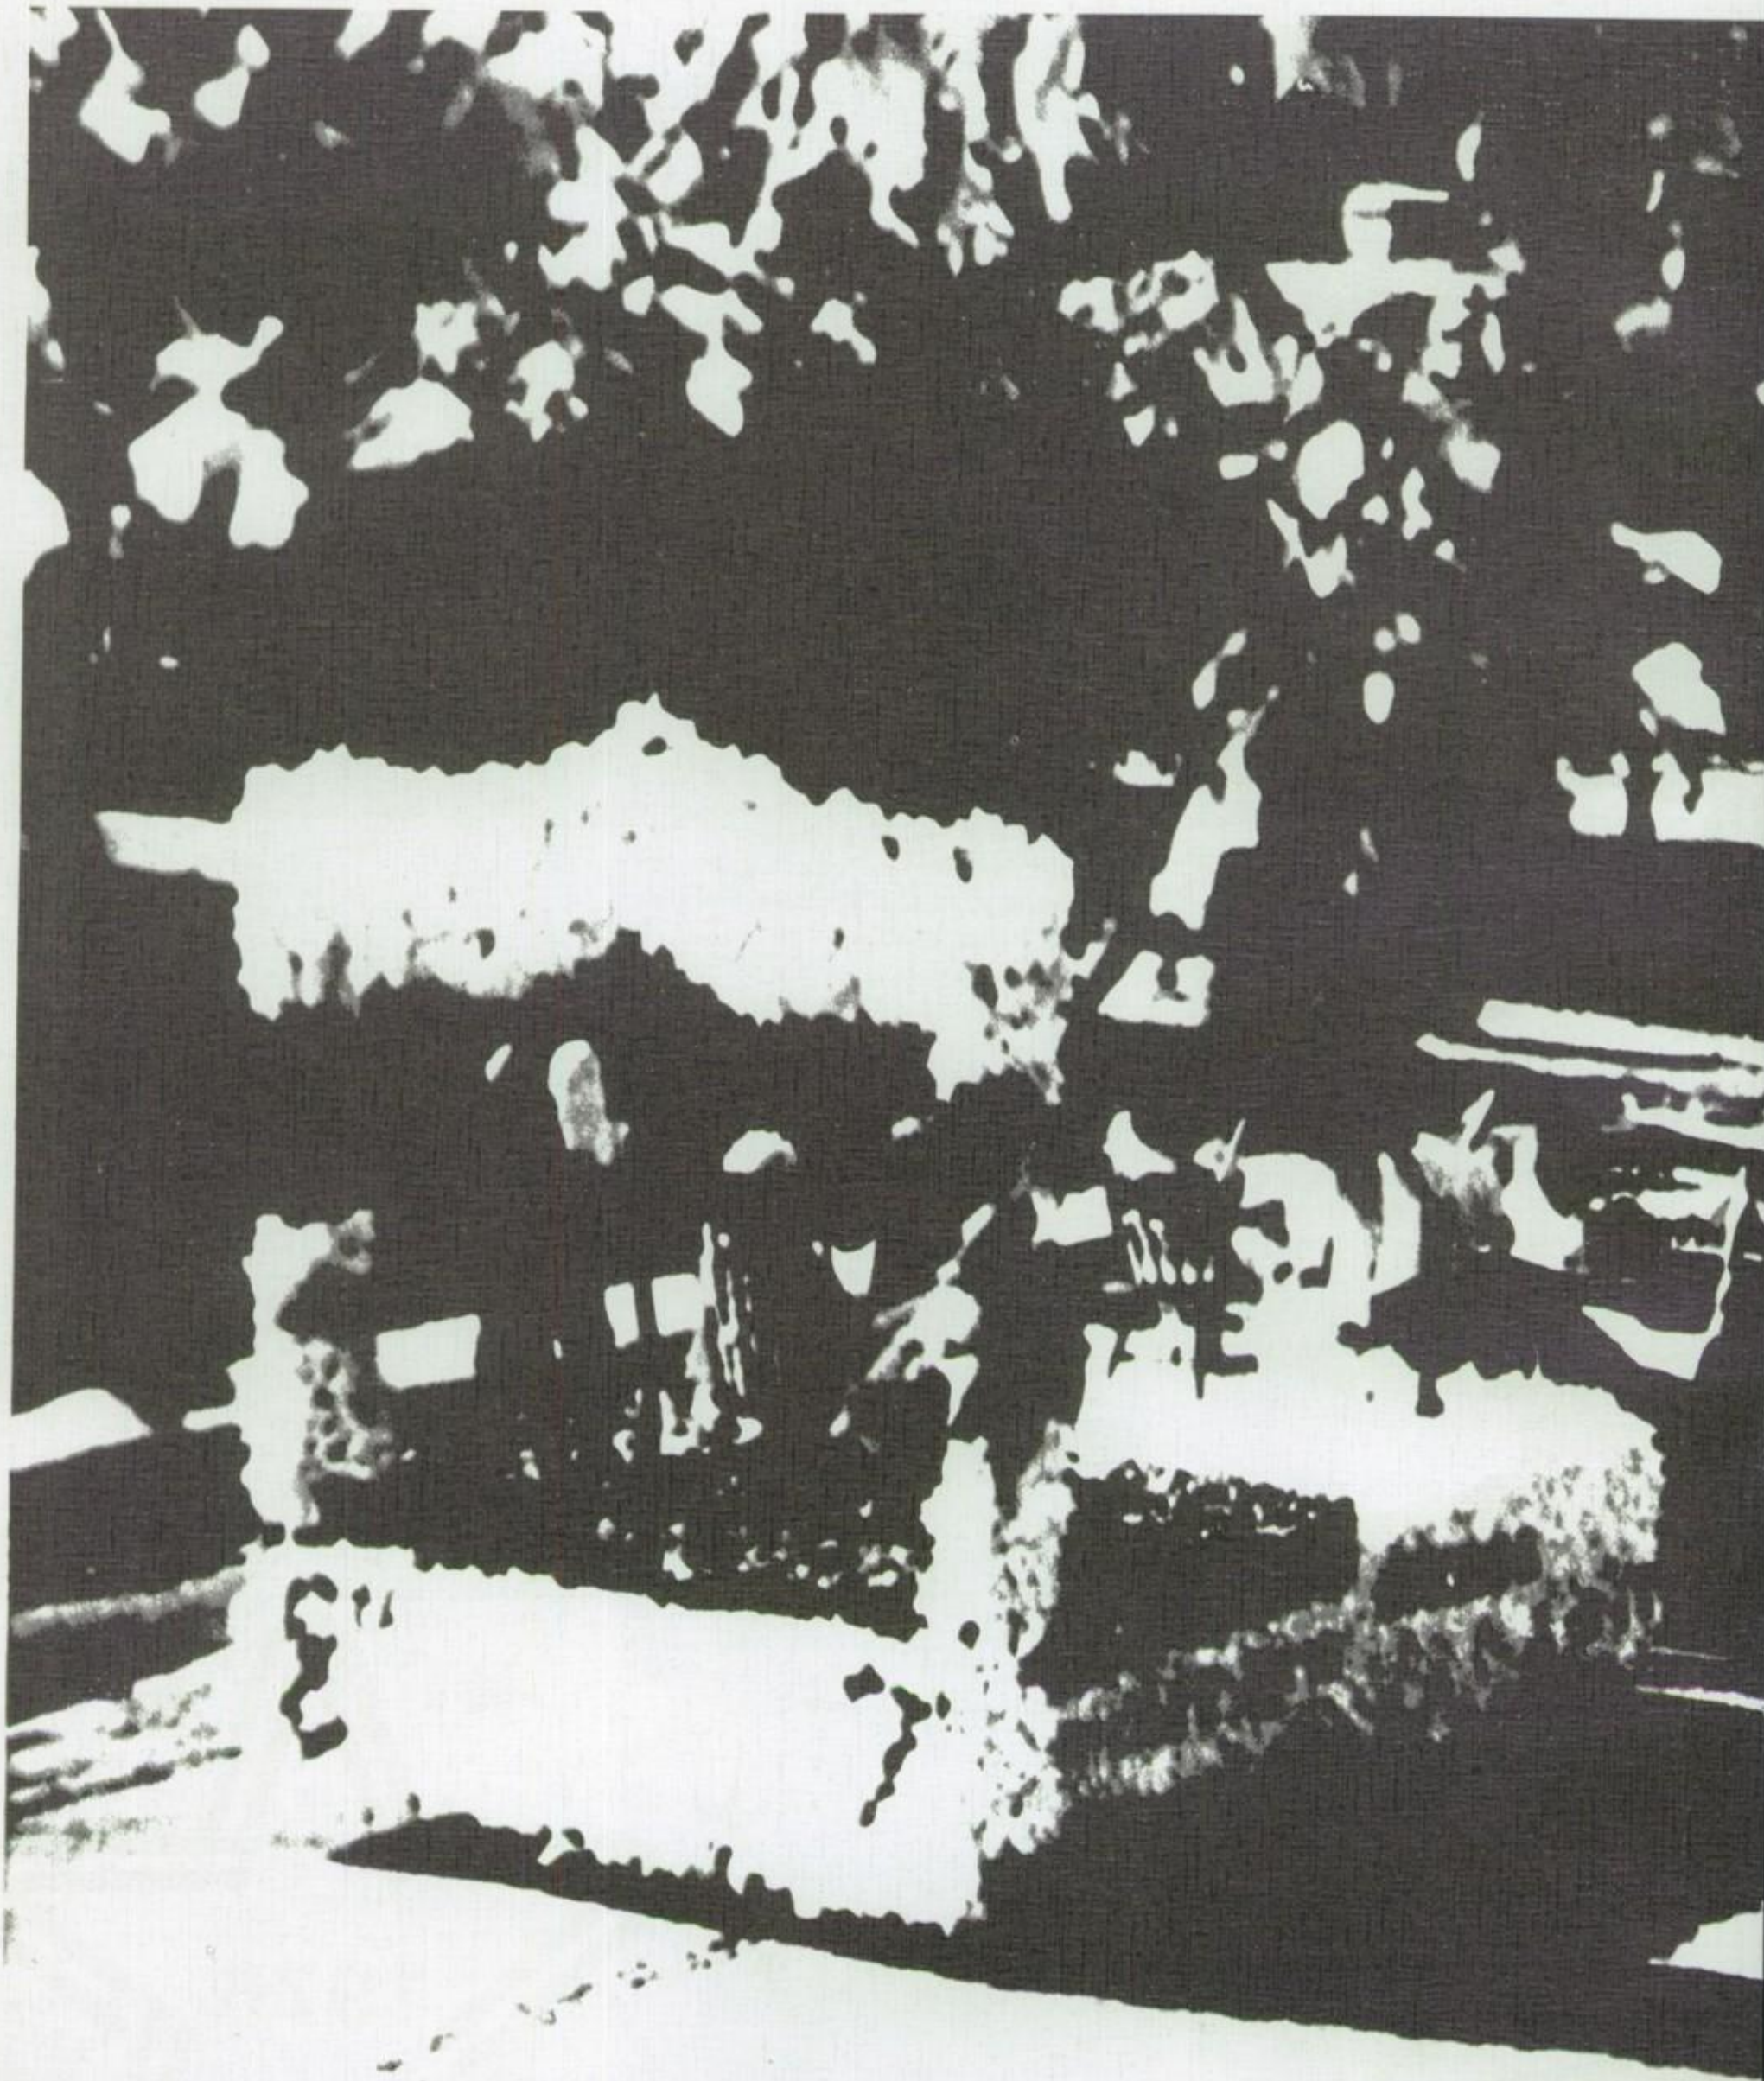

Jim Southard

Jim Southard is social studies teacher whose classes are usually concentrated in the areas of sociology and law. Mr. Southard has been at Western 9 years, and is the sponsor of the Key Club.

'Flick', as he is known to many students, thinks that desegregation has changed his life - at home and at school - considerably. The psychological pressures involved in dealing with the changed school atmosphere and have created tensions which are carried by the teaching staff into their homes. Although physically he is doing about the same things he has always done, Mr. Southard thinks that he and other teachers are feeling the effects of busing in many more subtle ways.

When asked what he felt was the single most important responsibility he as a teacher has for his students, Jim answered that establishing an honest relationship with his students was his number one priority.

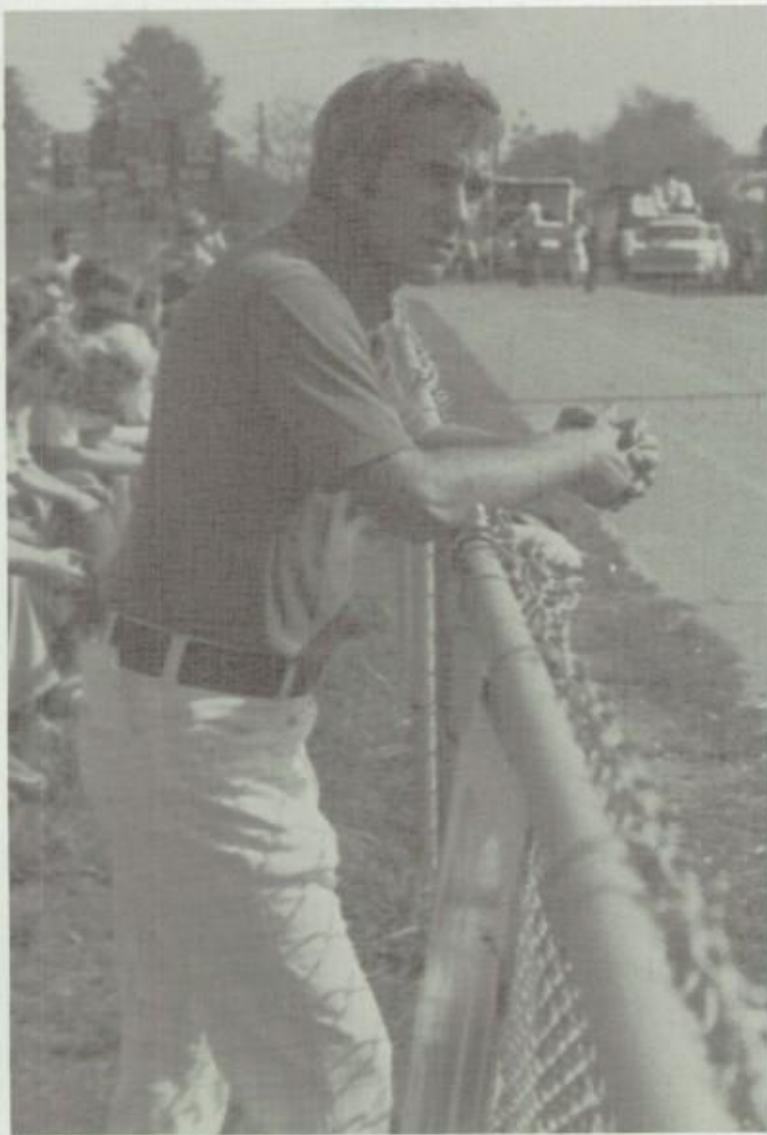

ACTIVITIES

Seniors win float competition

Homecoming week started off with the different classes rushing to find some place to build their floats, trying to locate wagons, and hurrying to stores to acquire their ever demanding supplies of crepe paper. The floats were constructed on the Bicentennial theme. Many classes spent nights working on their floats, trying to finish before parade time on Friday. The parade began at Bacon's and traveled down Rockford Lane to Western's football field where the pep rally was taking place. The floats were judged and the winners announced during half-time activities of the game Friday night. The Senior class took the Grand prize, the Junior class received the Mayor's Award and the freshman class won third place.

Debby Ricard, escorted by Danny Brewer, was crowned Homecoming queen. Although we lost to Doss by the narrow margin of 8-7, Homecoming was still a success.

Seniors win Powder Puff football game

On November 17 the annual gridiron clash between the Senior and Junior girls took place on the lower field. Competitive spirit and rivalry ran as high as tempers did as the teams took their positions. When the dust settled and the confrontation ended, the Seniors had pulled out a 12-0 victory. Coaches Morrison and Karen were quoted after the game as saying "At least the spectators were polite."

Drama Department presents The Clown That Ran Away

The comedy/fantasy, "The Clown That Ran Away," was presented on November 20 and 21. The production, directed by Lynne Woodard, was well received at Western High School, and by the student audiences at several local elementary schools.

Santa pays a visit to Western

The spirit of Christmas was present at Western through many activities. Rooms and doors were decorated with some rooms even having Christmas trees. Santa Claus made a visit third and fourth periods to give out candy canes to the good boys and girls. The Pep Club, in their usual tradition, put up a manger scene and a Christmas tree in the lobby. The Beta Club and homerooms collected food, clothing, and money to prepare Christmas baskets for families, and the choir gave an outstanding performance at their Christmas concert, singing choral hymns. The Distributive Education classes donated toys to an orphanage and gave a party for a group of children.

Elton John wins talent show

Elton John came to Western High School disguised as David George. He had the audience hopping and bopping to his latest hit, Island Girl. Clad in white fringed shirt and a pair of his famous glasses, he captured first place.

Second place winner was Jimmy Stickley with a drum solo. The talent show, put together by Diane Morrison, was held on February 18 with two shows, 3rd period for Senior high and 5th period for Junior high.

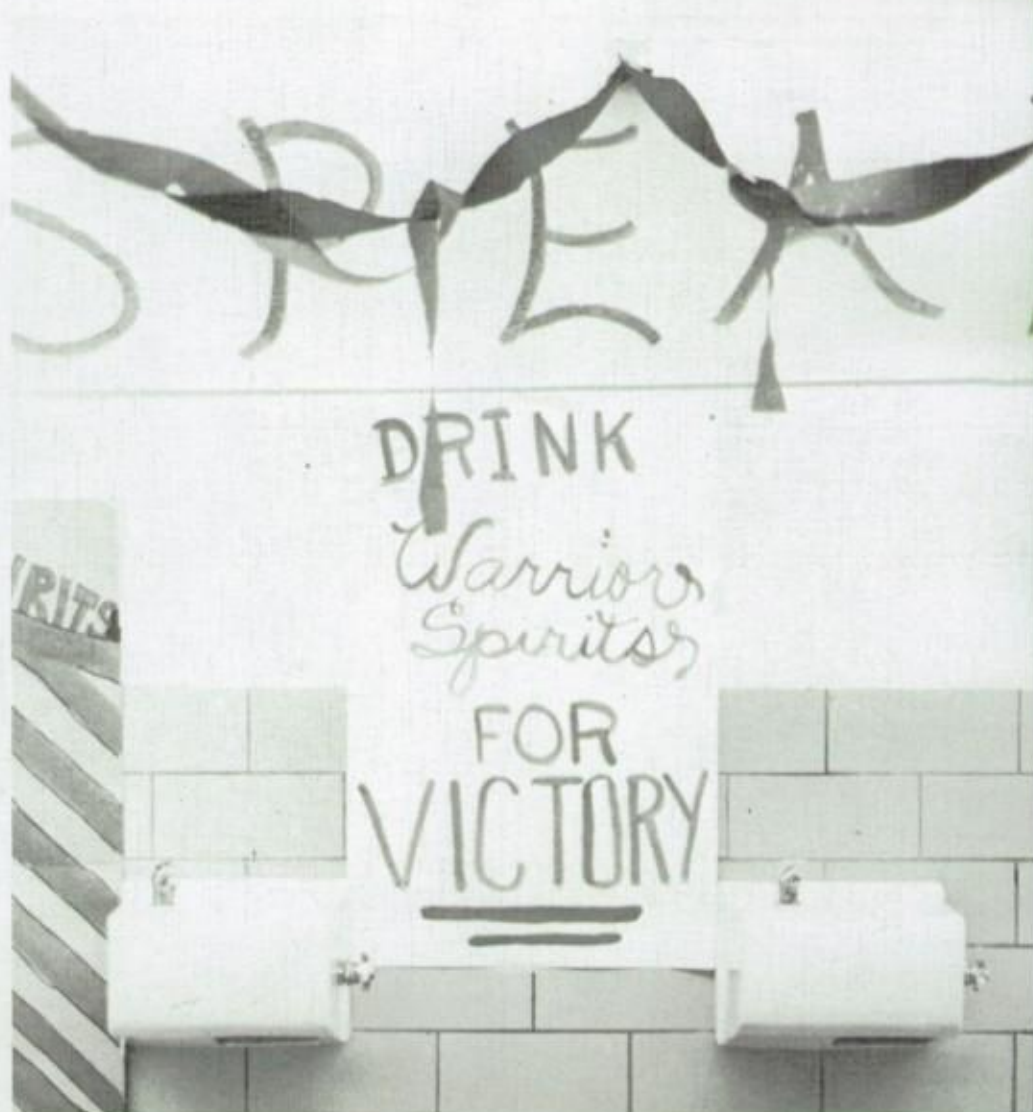

Warriors defeat Millard Mustangs

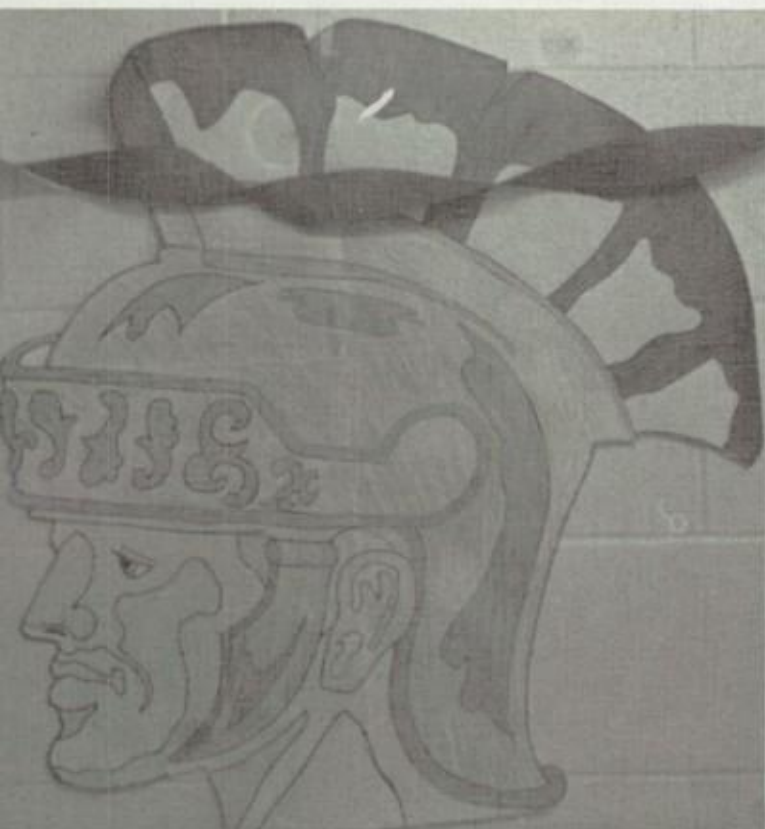

The Warriors built up a heavy lead over the Millard Mustangs early in the January 24 Homecoming game. 1975 Queen Cheri Hedges crowned Julie Schmidt Homecoming Queen during halftime ceremonies as Binky Bosworth, Cathy Colby and Paula Finch completed the court. The Warriors went on to overpower Millard 97 - 60 in a decisive victory.

Spirit Week inspires victory

Spirit Week was held the first week of February. Sophomores took first place in the competition with the Civil War as their theme. To finish it off, the basketball team won an important victory over P.R.P.

Varsity Football ties top record

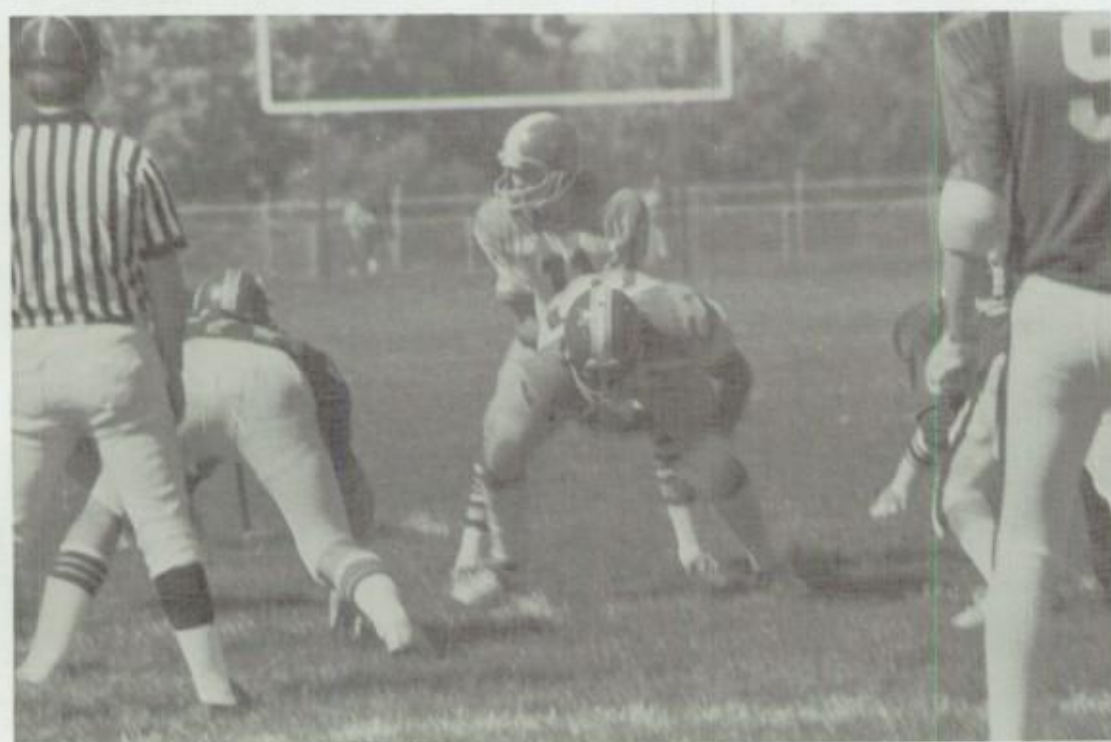

Through hard work and determination, the Varsity Football team achieved a 7-3-0 record, tying the school's record. Off-season football training begins in August with long, hot football practices. In September, when the season begins, hard practices all week prepare the team for Friday night's opponent. At the kick-off, the movements that have been drilled into the team for the months before are put into action.

The 1975 season opened with the downing of Waggener by seven points, followed by a defeat by Bishop David. Westport, PRP, and Stuart fell, but Valley won and captured the district title. Thomas Jefferson was beaten, but Doss squeezed by. Durrett was downed by twelve points, and finally, SWEET REVENGE, Butler was beaten 26-12!

* DISTRICT CHAMPS

The Western basketball program grew into maturity during the 1975-76 season. After opening with four consecutive losses, the Warriors settled into an increasingly well respected team, finishing the regular season with a 14-10 record. Under the guidance of Coach Jim Schurfranz and assistants Mike Layman and Bobby Jones, Western captured its' first district title defeating Butler 59-57 and P.R.P. 58-55. The 22nd District Champions topped Stuart 67-53 in Sixth Regional play before losing to Shawnee 34-49. Leading scorer Terry Mullins watched the Shawnee game from the bench with a knee injury suffered in the Stuart game.

Seniors Danny Brewer and Jeff King finished their high school careers with the close of the '76 season, but the Warrior squad is expected to progress under the improving talents of returning players. Juniors Terry Mullins and Joe Jacoby led all scorers, with Mullins named to the Second Team Sixth Region and to the All Tournament Team of the Dixie Invitational, and Jacoby placing on the Sixth Region All Tournament Team.

Varsity Cheerleaders bring school spirit

The Varsity Cheerleading squad made team support their theme this year. They began by receiving superior ratings while attending cheerleading camps during the summer and continued during football and basketball seasons to cheer the teams on to victory. During the District Basketball Tournament they won the 22nd District Cheerleading Award.

The squad's seniors included Paula Finch and Sandy Zanni, both of whom have been cheering at Western for four years, and Julie Schmidt, who has been a cheerleader at Western for three years.

Through the help of their sponsor, Ms. Sherry Hart, the Varsity Cheerleading squad has done an excellent job in representing the school and in promoting school spirit.

Class of 1978

Left to right: Pam Trowbridge, Kevin Payne, Jeff Gilliam, Donna Bleuel, Susie Brutscher, Lisa Lockett, Tim Ford, Sam Reynolds

The Sophomores began the year's activities with homecoming. The theme for the Sophomore float centered around a giant birthday cake which symbolized our nation's 200th birthday. In addition to the cake, the float included a warrior slaying a Doss Dragon.

The second activity the class of 78 participated in was the PTA drive. When the result of the PTA membership drive were determined, the class of 78 came in second.

The third major activity that the Sophomores participated in was spirit week. The theme which the Sophomores used was the Civil War and the beginning of the public schools. This put the class of 78 in first place for spirit week.

The class of 78 did extremely well in this year's class of the year contest.

The seventh and eighth grade started the year's activities with a skating party at Champ's Rollordrome. This was the year's money making project.

"Western Warrior Spirit- Spirit of '76" was the theme for the seventh and eighth grade float. The float was designed to be built in sections, which were brought to school. By doing this more students were involved.

During the winter quarter the seventh and eighth grade joined together for spirit week by decorating the cafeteria. The theme was the colonial period and the colors red, white, and blue were used.

In the spring the class participated in field day activities.

The 1976 Shield is a product of endless hours of work by many individuals. I would like to thank Mrs. Sharon Preher for sharing with us her talents in the design of our cover. Mrs. Fran Belic, our representative from Walsworth Publishing Company, was an invaluable help to the staff. I thank our patrons and advertisers for their financial assistance needed to produce this year-book. The help of Mr. Clement Hill, who very generously supplied us with many pictures, is very greatly appreciated. Our advisor Ms. Gwynne Karem receives special thanks. Her patience, guidance and many suggestions throughout the year contributed much to the Shield's contents. I thank my staff, whose untiring efforts has made this edition possible. I also thank the faculty and students for their support.

Wayne Esterle

The Bicentennial theme is depicted on our cover in the Western colors of green and gold. The explosion from the original thirteen stars represents the growth of America and Americans in our 200 year history. Green and gold is indicative of Western's expansion, and exemplifies the close association of our student body with the ideals and principles of our nation.
